Intelligent output function, priority guarantee the power supply for the important loads. WIFI intelligent monitoring system;50? super high ambient temperature no need reduce load MPPT maximum tracking solar power.

A solar generator with an output of 5kW (5000W) is a pretty powerful one. Most portable solar generators have an output ranging between 150W and 3000W. 3000W+ solar generators are few, but we are starting to see more of them in the market.. With 5kW of output, you can not only run any household appliance, you can power multiple appliances at the same time.
