

Aldelano solar Mozambique

Why should you choose aldelano solar solutions?

Aldelano Solar Solutions' industrial refrigerated containers provide large-scale solar resources for farming, emergency aid, refugee camps, and more. Solar refrigeration allows food and medicines to maintain FDA regulations when the power grid is not stable or available. Learn more about applications. *On-grid models available

How many solar panels does Mozambique have?

It comprises 121,500 solar panels. Its output is sold directly to the Electricidade de Mozambique (EDM), for integration into the national grid, under a 25-year power purchase agreement. A new high voltage power transmission line delivers the power to an EDM substation, where the power enters the national grid.

What is the aldelano solar ColdBox?

The Aldelano Solar ColdBox is an industrial-grade, portable, solar-powered cold storage mini-warehouse that can run both on and off grid. Fill out the form below for more information. How did you hear about us?

How many jobs will the Mozambican solar farm provide?

The project will provide 380 jobs during construction and 25 permanent jobs after commercial commissioning. The completed solar farm was commercially commissioned in April 2022, in the presence of Filipe Nyusi, the Mozambican president.

Who built the Mozambican power station?

The power station was developed by a consortium comprising Neoen, a French independent power producer (IPP), based in Paris, France and Electricidade de Mozambique (EDM), the Mozambican electricity utility company. Construction began in October 2020, with commercial commissioning expected in the fourth quarter of 2021.
