

Ampion corp Bouvet Island

Bouvet Island History. Discovery and Naming: The French explorer Jean-Baptiste Charles Bouvet de Lozier discovered Bouvet Island in 1739 honor of his contribution to the region's exploration, it was given his name. The island wasn't given back until many years later due to how difficult it was.

The Hive on Bouvet Island was established inside the ancient Yautja pyramid beneath the ice sheet on the 10th of October, 2004. The hive was lead by a Queen that seemed to be hundreds if not thousands of years old. It seemed to have been crafted not long after several Xenomorph Drones were birthed from members of the Weyland Industries exploration group. The Hive ...
