Who is Seraya Energy Pte Ltd?

Seraya Energy Pte Ltd was incorporated in 2001 as the retail arm of PowerSeraya (now known as YTL PowerSeraya Pte. Limited), one of Singapore's largest power generation companies. As a key player in Singapore electricity market, we offer competitive electricity plans, natural gas and steam to the companies in Singapore.

How do I charge my Ariya battery?

Its liquid-cooled thermal management system ensures excellent battery performance for all climates and protects your battery when using fast chargers. There are two easy ways to charge your ARIYA. Plug into a dedicated home charger or utilise public charging stations while you are out and about.

How much power does a Nissan Ariya have?

The maximum power that the ARIYA can deliver is 160kW or 218PS. How many motors does the Nissan ARIYA have? The ARIYA is available in a single motor for the front wheels. Actual specifications and features may differ. ARIYA features advanced powertrain technology for extended driving range and energy efficiency, ensuring a smooth and quiet ride.

What makes Nissan Ariya unique?

Infusing both Japanese heritage and philosophies, the ARIYA possesses a distinctive Japanese DNA that conveys a simple-yet-powerful identity in a unique Nissan way. Nissan ARIYA's interior feels more like a modern lounge than a modern car.

What is the Nissan Ariya E-pedal step technology?

With that in mind, we developed the "Nissan ARIYA." In congested traffic conditions, the e-Pedal Step technology simplifies driving by allowing the driver to accelerate and decelerate using only the accelerator pedal. This enhances convenience and reduces fatigue as there is no need to switch pedals so frequently.

What does the Nissan Ariya interior feel like?

Nissan ARIYA's interior feels more like a modern lounge than a modern car. It's a uniquely engaging experience combining traditional beauty and advanced technology to welcome its occupants. Experience the Nissan ARIYA: where cutting-edge technology and an all-new EV platform redefine your driving experience for enjoyable journeys. Feel more secure.

A decade after the Leaf, Nissan has shown its second electric car, the Ariya. In the world of EVs, a decade is an epoch, and this is an epoch ahead. Start with some numbers no Leaf owner would recognise: a 0-100 time of 5.1secs, and 400hp from four-wheel-drive. Or a 2WD one with 500km range. It also charges far faster than the Leaf.
