As the #1 selling home standby generator brand, Generac's Power Pact generators provide the automatic backup power you need to protect your home and family during a power outage. Generac's 7.5 kW Power Pact home standby generator is the most affordable, automatic alternative to portable backup power.

Unlike portable generators, the permanent installation of a standby generator is very much like a furnace or a hot water heater. Just as a furnace only turns on when heat is required, a standby generator turns on automatically when the power goes out. The standby system detects a power outage immediately and waits a few seconds for the power to return.
