Who is muhanya solar?

Robust solar power setups for industrial operations, optimizing energy consumption and productivity. Muhanya Solar, a leading EPC firm in Lusaka, Zambia, specializes in designing, procuring, and installing solar PV systems for residential, commercial, and industrial applications.

Should you buy a solar PV system in Barbados?

One of the biggest, if not the biggest hurdle to further solar PV penetration in Barbados is the upfront cost of a system. When you think about the fact that the cost is essentially the prepayment of 25-30 years worth of electricity, it makes sense that the price is "high". If you could purchase a ... Continue reading ->

What is the installed solar PV capacity in Barbados?

The total installed solar PV capacity in Barbados is about 22MW (12MW RER + 10MW utility).

Does Barbados use solar panels?

Solar panels are seen more and more frequently across Barbados. Similar to the ubiquitous solar water heater on Barbadian rooftops, the Government of Barbados is fully committed to the idea of renewable energy and solar PV, thereby preparing the country for even more substantial growth in this sector.

Is Barbados a leader in solar energy?

Barbados continues to maintain a leadership position in solar energy within the Caribbean. Building on a successful Renewable Energy Rider program which has seen 9MW of distributed solar PV installed, the electricity market has finally opened up to independent power producers (IPPs) to develop utility scale solar projects.

Why should you choose muhanya solar?

Recognized for our commitment to quality and innovation, Muhanya Solar has garnered multiple awards in the renewable energy sector. Provide sustainable energy solutions to people through the use of renewable energy technologies.

In 2013 I returned to Barbados and founded Solar Genesis Inc. which focuses on design, consulting and project development. It quickly became apparent that for solar PV to make a significant difference in Barbados, customers needed to be better informed about the technology. As a result Solar Barbados was born, to increase the solar PV ...
