1 ?&#0183; Our vision is to make sure that every citizen in St. Kitts and Nevis has access to potable water 24/7, and this desalination plant is a major step toward that goal. The plant is part of a broader water security strategy that includes enhanced water storage systems, the drilling of additional wells, and the identification of new water sources.

Ground has been broken on the St Kitts microgrid while negotiations and developments continue with the Nevis Geothermal project. The St Kitts facility to be comprised of 37.5MW solar PV and a 14.8MW/45.7MWh lithium-ion battery energy storage system is a major development for the nation and a landmark for the region.

BASSETERRE, St. Kitts and Nevis; DALLAS and YVERDON LES BAINS, Switzerland, August 7, 2019 - The largest solar generation plus energy storage project ever to be built in the Caribbean has been announced by the Government of St. Kitts and Nevis, the state-owned St. Kitts Electric Company (SKELEC) and Leclanch&#233; SA (SIX: LECN), one of the ...

The Government of St. Kitts and Nevis, along with SKELEC, the state-owned St. Kitts Electricity Company Ltd, have executed an amended Power Purchase Agreement (PPA) with SOLEC Power Ltd, a subsidiary JV of ...

The USD-70-million (EUR 57.6m) project will build a 35.7-MW solar photovoltaic (PV) plant and a 14.8-MW/45.7-MWh lithium-ion battery storage system, which are set to become the largest facility of this kind in the ...

Dr Marcus L Natta was appointed Cabinet Secretary in August 2022.. EDUCATION - Ph.D., Chemical & Materials Engineering - University of Nebraska-Lincoln (USA) - 2008 - B.S., Physics and Mathematics - Cameron University - Oklahoma (USA) - 2002 - Clarence Fitzroy Bryant College (St. Kitts) - 1996. PROFESSIONAL CAREER - Science and Research Manager - St. ...

In St. Kitts and Nevis, several cities and towns have become popular for installing solar panels and battery storage systems due to their unique geographic characteristics, growing energy ...

4 ???&#0183; Basseterre, St. Kitts -- The Government of St. Kitts and Nevis and the St. Kitts Electricity Company Ltd (SKELEC) have terminated the Renegotiated Power Purchase Agreement (PPA) with SOLEC Power Ltd (SOLEC) for the construction of a Solar PV and Battery Energy Storage Project. This decision follows the failure of SOLEC Power Ltd to meet [...]

to provide compelling savings on total cost of ownership, with longer battery life, lower maintenance needs, easier installation and services, safe operations and ...

During his Budget Address 2020 Thursday, Prime Minister, Dr. the Honourable Timothy Harris, said the government of St. Kitts and Nevis, in collaboration with The St. Kitts Electricity Company Limited (SKELEC), will facilitate the construction of the largest solar generation and energy storage project in the Caribbean after signing an agreement with ...

**Generation and Energy Storage Project** The largest solar generation plus energy storage project ever to be built in the Caribbean has been announced and is in the final stages of approval by the Government of St. Kitts and Nevis. The 35.6 MW solar energy plant and 44.2 MWh battery storage facility will provide between 25-30%

Basseterre, St. Kitts, March 20, 2024 (SKNIS): As the Government of St. Kitts and Nevis continues to promote its Sustainable Island State Agenda, entities within the private sector are now buying into the innovative movement. One such example of this was the activation of the Sustainable Energy Storage System at the Sunset Reef Resort on March 19.

The Project, scheduled for completion in 2025, will provide Saint Kitts with 35.7 MW of solar capacity and 43.6 MWh of battery storage for the delivery of clean, renewable, and reliable energy for 25 years.
