What is Bechtel Energy Technologies & Solutions?

At Bechtel Energy Technologies & Solutions (BETS), we provide value-added insights to our clients on every stage of their projects, from early engagements to operations. We help our clients identify their energy needs, collaborate on their long-term strategy, and optimize their project development--sustainably and cost-effectively.

Why should you choose Bechtel Energy Technologies & Solutions?

Carbon capture, hydrogen and circular economy solutions, including bioenergy, can help you meet the growing demand for downstream products in a cleaner and more sustainable way and our Bechtel Energy Technologies & Solutions team are continually focused on the application of proven and emerging technologies to lower carbon emissions.

What makes Bechtel unique?

Extraordinary teams building inspiring projects. Bechtel helps customers deliver projects of purpose that create a lasting positive legacy.

What does Bechtel do?

They are what we believe, what we do. Bechtel has spent more than a century helping customers navigate shifts in energy consumption, technological change, financing challenges, and a sharpening focus on sustainable alternatives.

What services does Bechtel Enterprises offer?

Leveraging our dedicated Bechtel Enterprises team, our customers can get access to development capital, planning and permitting, and financing services to help bring projects from concept to completion.

What makes Bechtel a good company?

Our services span from initial planning and investment, through start-up and operations. Core to Bechtel are our values - ethics, safety, quality, people, culture, relationships, innovation and sustainability, and our covenants - integrity, respect, collaboration, trust, and delivery.
