

For 100 years Anglo Belgian Corporation (ABC), with headquarters and production facility in Gent (Belgium), supplies power solutions for electricity production. ABC's reliable, medium speed engines, in combination with an alternator, ensure that we can offer powerful solutions to those looking for a reliable source of energy.

Clean and green power. Our green commitment is evident in the actions we take, such as the windmill on our Belgian factory premises, which compensates for 25% of our energy consumption in Belgium. Additionally, we have built a small solar farm for our Polish factory, which generated in 2023 - 23 MWh.

AEG Power Solutions leverages its unique expertise in the field of power electronics to offer a full range of services, covering every phase of the product life. Regular, programmed preventive maintenance procedures, performed by accredited service engineers, maximize the performance of your equipment, while keeping costs to a minimum. ...
