Are portable generators a good backup power option?

Portable generators are popular emergency backup power options thanks to their lower cost, the portability to use them for other activities, and the ability to store them out of the way. The downside is that most portable models can't power your whole house, so you have to pick and choose what to keep running and what to do without.

What is the best generator for backup power?

The ultimate generator for backup power is a whole-home generator. They're expensive, but if you can afford one, they're highly convenient. My favorite is the Generac Guardian series. The line has a wide range of power levels, they all come with wi-fi connectivity, and they're well-designed for permanent outdoor installation.

What is the best portable generator?

To help you find the best option for you, we looked at over 100 portable generator models and analyzed hundreds of customer and professional reviews. For most homeowners, our top pick is the Westinghouse Outdoor Power Equipment model, which provides a heavy-duty design with a high wattage level and the ability to charge multiple devices at once.

Why should you buy a portable generator?

Our Reviews Team is committed to delivering honest, objective, and independent reviews on home products and services. For thunderstorms, hurricanes, and other emergencies, a generator provides a home backup for power outages. However, purchasing a portable generator comes with a big price tag.

Can a solar generator be used as a backup power source?

Solar generators work well as a home backup power source. Your solar panels keep the generator powered, so there's no need to purchase fuel. You can store them inside, and they're often relatively compact. And they're better for the environment than a gas generator.

Which generator should I buy?

Our top pick is the DuroMax Electric-Start Generator, which provides a high power level and has five built-in outlets, making it powerful enough to power appliances like your refrigerator or washer/dryer.
