

Bloomberg tier 1 energy storage Svalbard and Jan Mayen

What is Tier 1 energy storage?

From 1Q 2025, the criterion for an energy storage brand to be listed as tier 1 is that it must have supplied, or be firmly contracted to supply, products to six different eligible projects in the last two years. To be eligible, each project: must be larger than 10MW or 10MWh (whichever is higher).

What are the tiering criteria for energy storage?

From 1Q 2025, an energy storage brand to be listed as tier 1 must have supplied products to at least three different third-party buyers in the last two years. We may change these criteria further. In addition, the tiering team reserves the right to reject projects which are demonstration, not fully commercial.

What is BloombergNEF tiering system?

BloombergNEF has developed a tiering system for stationary energy storage products. Based on deployment over the last two years, this system is designed to create a transparent differentiation between the hundreds of manufacturers on the market. This document explains the tiering criteria, as well as the methodology's limitations. 1.

Does BNEF have a Tier 1 list?

The list of tier 1 manufacturers is available to BNEF's subscribers quarterly. Note that a tier 1 listing is not a recommendation for the company or its products. A company may be removed from the tier 1 list in any quarter, so only the list for the most recent quarter is valid.

What makes a Tier 1 battery manufacturer?

On the other hand, one of the characteristics of a tier 1 manufacturer is transparency and good data availability. Manufacturers can help us tier them accurately by sending us (at batterytier1@bloomberg.net) data on the projects they have provided systems for, and the financing used to support these projects.

Who are BNEF's 'major' or 'bankable' suppliers?

BNEF is frequently asked for a list of 'major' or 'bankable' suppliers for use in manufacturing forecasts, preliminary competitor analysis and other internal comparisons. In industry parlance, such firms are typically referred to as 'tier 1' players, but the term is seldom defined or described,
