

? Exciting Opportunity: Joint PhD Program with ICFO and CERT Systems We are thrilled to announce a collaborative PhD opportunity between Prof. F. Pelayo Garc&#237;a de Arquer at ICFO - The Institute of Photonic Sciences, and CERT Systems. This unique program offers young scientists an unparalleled environment to thrive in cutting-edge research and interdisciplinary ...

CERT Systems General Information Description. Developer of carbon dioxide (CO<sub>2</sub>) utilization system designed to catalyze the closure of the carbon cycle. The company's system converts carbon dioxide into fuels and chemical feedstocks using only water and renewable electricity, enabling clients to deeply decarbonize chemical manufacturing.

CERT Systems Inc | 925 followers on LinkedIn. Transforming the way the world& #39;s most important chemicals are made | CERT Systems Inc (CERT) is on a mission to transform the way the world's most important chemicals are made and be a leading player in the transition to a sustainable future. CERT Systems Inc. has developed an electrochemical process that converts captured carbon dioxide into basic chemicals. Unlike many carbon utilization approaches which require highly-purified CO<sub>2</sub> gas, CERT Systems' process can directly use the CO<sub>2</sub> captured in liquid media, eliminating the majority of energy costs associated with direct air ...

CERT Systems Inc. is a Non-distributing corporation with 50 or fewer shareholders corporation type, which located at 333 Bay Street, Suite 2400 Toronto ON M5H 2T6 Canada. It was registered on 07-May-2019, the corporation's bn is 795406677RC0001 and corporation number is 11396099. There are 2 directors of this company.
