

Caterpillar energy solution Slovenia

What is Caterpillar Energy Solutions?

The product portfolio of Caterpillar Energy Solutions encompasses gas engines and generator sets of the MWM and Cat brands, which can be run on natural gas, biogas and hydrogenous gases. Gas-fired power plants from Caterpillar Energy Solutions enable distributed, economical and energy-efficient power production.

Who founded Caterpillar Energy Solutions?

Automotive pioneer Carl Benz laid the cornerstone for the company headquarters in Mannheim, Germany, with the founding of the "Mechanische Werkstätte Mannheim" in 1871. As part of the Caterpillar Inc., Caterpillar Energy Solutions today has a leading position in the field of highly efficient, ecologically advanced distributed energy solutions.

Why should you choose Caterpillar Energy Solutions?

The gas engines and generator sets from Caterpillar Energy Solutions are mostly deployed in demanding environments, where high availability of spare parts and short repair times are required to get the machine up and running as soon as possible.

What is mwmenergy - Caterpillar Energy Solutions?

At the same time, they are protected against unauthorized digital access and hacker attacks. With its newly launched website mwmenergy.lat, Caterpillar Energy Solutions offers customers a target group-specific offering for the Latin American energy market under the MWM brand.

Does caterpillar have a cyber security policy?

With its Cyber Security measures for Digital Solutions, Caterpillar Energy Solutions provides plant operators with secure remote monitoring of and remote access to their cogeneration power plant. At the same time, they are protected against unauthorized digital access and hacker attacks.

When did Caterpillar acquire MWM?

On 22 October 2010, Caterpillar Inc. officially announced an agreement with 3i regarding the acquisition of MWM for 580 million euros. Subject to the consent of prudential authorities, MWM will then become part of Caterpillar's Electric Power Division.
