Interested candidates should possess a Bachelor's Degree in Business Administration, Communication, or a related field with 3-5 years of work experience.

For example, in the United States, the Federal Investment Tax Credit (ITC) provides a substantial reduction in the cost of solar installations. Conversely, in regions where incentives are less generous or nonexistent, the financial responsibility falls entirely on the homeowner, potentially discouraging the widespread adoption of solar energy.

Nigeria, the giant of Africa, stands at a pivotal crossroads in its journey towards a sustainable and energy-secure future. To illuminate this path, we must place capacity building and training in renewable energy at the heart of our education and corporate sectors. Let's explore why this is paramount, drawing inspiration from the remarkable progress achieved by another ...
