Hydroelectricity Production in St.Vincent 0.0 5.0 10.0 ... o The company has done the following in grid-tied Solar PV Installed a 10 kW system

More likely on St Vincent than on Bequia. Two-bedroom rental apartments can honestly be pretty cheap on either island (\$350-600/week) so if you have a friend to travel with that can be an economical option too. That way you have a full kitchen at your disposal. On a budget, I'd use St Vincent as my main base and take the ferry to Bequia, etc.

St. Vincent and the Grenadines is an excellent choice for the development of geothermal energy. Where available geothermal energy is a significantly cheaper and renewable energy source; should our potential be realized, this will have significant and positive impact on our fledgling manufacturing sector and give a competitive edge to many small and medium ...
