Solar services (10%): All of the companies we review install solar panels, but we award companies higher points if they offer additional services for customers, like battery installation, energy-efficiency audits, and EV chargers.

The photovoltaic plant's construction began in January 2015, and it began its operation in June 2016 with 160 Megawatt of panels, making it Chile's largest solar plant at the time. Northern Chile has the world's greatest solar incidence. Chile's Ministry of Energy unveiled its "Roadmap to 2050: A Sustainable and Inclusive Strategy" in October ...

I was worried about the generation. But I am so excited now. My bills have gone down from Rs 4300 to Rs 500-700 a month. The team also comes home and regularly cleans my panels. They also helped me get a subsidy. I just had to fill a form and they did everything else."-Braj Bhushan, Uttar Pradesh, Home solar system
