

Clearway solar Singapore

How does a Clearway Community Solar farm function?

When customers subscribe to a Clearway Community Solar farm, they support renewable power for their community. The output of the solar farm is sent to the local power grid, helping offset polluted power from fossil fuels in return. Customers receive solar bill credits as a result, which reduce their utility charges.

What is Clearway Community Solar?

Clearway Community Solar empowers individuals to harness the limitless power of the sun and shape a sustainable energy future together, as a community. Our program makes supporting clean energy generation easily accessible to homeowners, renters, and businesses alike.

How does Clearway Solar work?

Clearway Solar works by building and operating offsite solar farms throughout the communities they serve and sending the generated solar power to the local power grid. Clearway customers receive solar bill credits that are typically applied directly on their utility bill, reducing the total due to the electric utility each month.

How do I contact Clearway Community Solar?

Please call 1.866.520.2711 or email communitysolarsales@clearwayenergy.com. Clearway Community Solar LLC is a wholly-owned subsidiary of Clearway Energy Group LLC. How many solar projects does Clearway own?

Clearway owns and operates over 100 MW of solar projects, which is equivalent to over 200 unique installations. These projects include rooftop, ground-mount, and parking structure applications.

Does Clearway offer solar bill credits?

Clearway's program now guarantees savings in Illinois, Massachusetts, and New York markets. With Clearway's program, you receive solar bill credits for the renewable power generated, and those solar bill credits are applied directly to your utility bill, reducing your charges. We promise convenience and your confidence in our program is a priority.
