

Is Colombia a good place to buy off-grid electricity?

With more than 7 million people that either rely on outdated diesel generators or have no access to electricity at all, Colombia is an attractive market for off-grid clean energy.

Can M-Kopa replicate a successful off-grid bop business in Colombia?

In Colombia, companies should seek to replicate successful off-grid BOP businesses operating in other regions of the world. M-KOPA is the poster-child of this wave of successful social enterprises.

How does the ZNI support off-grid rural electrification?

Providing electricity to the communities of the ZNI has been difficult, and grid extensions have been slow or nonexistent in many areas. Since 2003, the government has utilized a fund called the FAZNI, supported by royalties from the energy industry, to support off-grid rural electrification.

Remote 79-acre off-grid oasis with its own airstrip, lakes & multiple furnished homes in the picturesque Nemaiah Valley. Ideal for multi-family living. Historic lodge, log homes, multiple cabins, a large shop with apartment, all surrounded by pristine lakes and breathtaking views. Foreign Buyer Ban does not apply to this property

Globally, grid-extension has been the predominant approach for electricity provision. Around 600 million people (representing 97% of new connections) gained access mainly via grid-extension, powered by fossil fuels, between 2000 and 2016 [1]. The main advantage of grid networks is the supply of low-cost power and high-power levels (depending ...
