Conderenergy is a leading provider of end-to-end energy solutions for households, businesses, and large corporations. Our direct sourcing from top manufacturers ensures competitive pricing and the latest technology. Our experienced team designs customised solutions and provides seamless service from project planning to ongoing maintenance.

Does conderenergy use a WiFi dongle or a comms to battery?

As long as one is aware of the fact that the Conderenergy is stated to either use the WiFi dongle or comms to battery and never both at the same time. This from a post a few weeks ago. I see it more as a cheaper inverter which falls into the "set and forget" category.

How many kW can a conderenergy inverter & battery back up?

Conderenergy 6.2kva Inverter & 5.1kw Conderenergy Lithium battery with 450w solar panels & installation kit @R33 900. Question for those in the know: Any obvious warning flags? Maximum discharge current for the battery is 50A. So forget about the inverter's rating, when there's an outage and no sun you will be able to back up 2.5 kW.

Should conderenergy be on the CoCT list?

AFAIK the Conderenergy should not be on the CoCT list as it is not a on grid inverter. It falls under the same banner as the Kodak, Axperts, and all the same type of operation and not on the list as they are off grid inverters. The Kodak on the list are actually rebranded Solis 4g mini models painted yellow and grid tied (string)

Who is Con|Energy AG partnering with?

con|energy ag supports the future-oriented technology provider ZeroMission as a strategic partner. Xlinks First Limited, the investment company established by Xlinks Limited to deliver the power generation project between Morocco and the UK, secured USD 10.2 million at the end of April.
