Who is Yingli Solar?

Playing a Leading Role in Compilation of Photovoltaic Industry Standards. promoting the development and application of clean energy. Yingli Energy Development Co.,Ltd. (Yingli Solar) is a smart PV energy solution providerintegrating PV technology R&D,intelligent manufacturing,and development,construction and operation of power plants.

Who is Yingli Energy Technology Group?

Yingli Energy Technology Group is one of the world's leading providers of BIPV products and integrated photovoltaic solutions,which aims to provide clean energy for all and built a Zero-carbon world.

What does Yingli Green Energy do?

Yingli Green Energy's manufacturingcovers the photovoltaic value chain from ingot casting and wafering through solar cell production and solar panel assembly. Yingli's photovoltaic module capacity is 30 GWs. Yingli expanded production capacity at a time module prices slumped.

How many countries does Yingli Solar provide photovoltaic products to?

From May 2003 to July 2019,Yingli Solar has provided photovoltaic products to 132 countries,ranking third among its competitors in terms of the number of customer countries. The aggregate installed capacity of power plants accounts for 3.1% of the world's total,ranking eighth among all photovoltaic product providers.

Who owns Yingli Green Energy?

Yingli Green Energy was established in 1998 by Liansheng Miao,who remains the company's chairman and CEO. Yingli Green Energy began module production in 2003,with a capacity of 3 MW. By 2004,Yingli reached 6 MW in ingot/wafer/cell production,and 50 MW in module production. [citation needed]

Does Yingli manufacture crystalline solar modules?

Yingli manufactures crystalline silicon solar PV modules,including both,monocrystalline and multicrystalline. Its two primary solar module product lines are the monocrystalline PANDA Series and the multicrystalline YGE Series. Yingli Solar's YGE Series is its primary product line.
