

CuraÃ§ao gonvarri solar steel

Who is Gonvarri solar steel?

Product design is based on industry best practice, with a strong R&D component, seeking cost-optimised and efficient customised solutions. Gonvarri Solar Steel focuses on the research, design and supply of metal structures for the solar photovoltaic sector.

Why should you choose Gonvarri solar steel?

Gonvarri Solar Steel's fixed structures are fully adaptable to customer and project needs. Our solar tracking control system uses algorithms and sensors to calculate the optimal positions of solar panels in real-time. Specific and standard solutions for rooftop and canopy projects, ground-mounted, fixed, and tracker systems.

Who is Gonvarri industries?

At Gonvarri Industries, we work to offer a comprehensive service and meet our customers' needs in the field of solar energy such as solar trackers, fixed structures, industrial roofs and photovoltaic canopies.

How many GW does Gonvarri solar steel supply?

Gonvarri Solar Steel has supplied more than 22 GWin more than 45 countries. According to Wood Mackenzie, it handled 4% of global tracker shipments in 2023. How does Gonvarri solar steel work?

Gonvarri Solar Steel noted the simplicity of assembly, with fewer components. The tracker eliminates damping systems and pipe connections, speeding up installation. The alignment process focuses on three key piles, cutting time and operating costs.

Who are solar steel & imports?

Solar Steel and Suports are the two companies in the group dedicated to designing and supplying ad hoc photovoltaic solutions for each type of project. We design and supply solar trackers and fixed structures for the solar photovoltaic sector with global design, manufacturing and supply capabilities.

Both solar plants are set to occupy more than 200 hectares and will generate enough electricity to supply about 49,000 households. With these two projects Gonvarri Solar Steel consolidates its position as leader in the ...
