Issues with Polaroid Sun 600 LMS and battery drain . Hi All, very new to polaroid and my Sun 600 LMS was working just fine when I put the film pack in, it made a high pitched noise that I figured was the battery charging up the flash, etc. The noise was on going but gradually died down for about 36 hours until it stopped.

Phone and electric car batteries are made with cobalt mined in the Democratic Republic of Congo. Cobalt Red author Siddharth Kara describes the conditions for workers as a "horror show."

The Democratic Republic of Congo (DR Congo) is home to significant reserves of battery metals, which play a critical role in the rapidly expanding electric vehicle and energy storage markets. As a result, investing in DR Congo's undervalued mining assets is becoming an attractive opportunity for investors looking to tap into this burgeoning ...
