

What type of power system does enetek offer?

Enetek's range of AC (alternating current) and DC (direct current) power systems are designed to secure mission critical telecommunication networks, providing efficient and reliable power to meet the industry's demands.

Does enetek offer AC & DC power systems service?

From installation and commissioning, to life cycle maintenance and support, Enetek's AC and DC power systems service is available to keep customers' mission critical equipment at the highest level of availability and safety.

Where can I get enetek support?

Enetek support can be obtained from local support. Can also get assistance by sending email to [service@enetek-power.com](mailto:service@enetek-power.com)

Does enetek have products in the cart?

No products in the cart. No products in the cart. With Enetek, businesses can confidently navigate the complexities of power management, knowing that their critical processes are safeguarded by a company that never settles for anything less than excellence.

What happens if a faulty enetek Power Group unit is not returned?

Should the faulty unit not be returned to the Enetek Power Group service centre within 14 days after receiving the replacement unit, Enetek Power Group will have the prerogative to invoice the replacement unit. Enetek Power Group requires pre-authorization for the return of all products.

Does enetek power carry out a fault analysis?

Enetek Power Group will carry out a fault analysis of the returned equipment for quality assurance. Customers shall have no entitlement to a detailed fault report. The RMA terms and conditions are subject to change without notice. Warranty items: one way Freight borne by Enetek power and one way borne by Customer.

Enetek Power Group specialises in providing energy solutions and services. They offer a wide range of products and technologies related to power generation, distribution, and management. Their expertise includes renewable energy systems, energy storage solutions, and efficient power infrastructure. ...
