

Eikto battery Angola

Who is eikto battery?

We are committed to provide overall solutions for the world with new energy. Our research team in the R&D center consists of dozens of doctor and master. we hold 130 patents. We are the ... Read More China leading provider of Forklift Lithium Battery and Yacht Lithium Battery, EIKTO Battery Co., Ltd. is Yacht Lithium Battery factory.

What is eikto lithium battery?

EIKTO lithium battery improves the distribution business of the material handling equipment, including forklift, cleaning machine, aerial platform, golf cart, etc. Compared with traditional lead-acid batteries, lithium batteries have faster charging speed, longer service life, and provide more available energy for each discharge.

What makes eikto a good battery?

The EIKTO MS series uses a unique blend of lithium ions, making it the most compact, durable, and powerful battery on the market. EIKTO has been committed to improving energy efficiency and the environment for years. Our self-developed battery cell and the patented structure gave us a competitive advantage over other battery manufacturers.

Why should you choose eikto lithium batteries?

Lithium batteries offer the following safety benefits to provide customers with reliable energy solutions: EIKTO lithium batteries have built-in protection circuits to prevent unsafe conditions such as overcharge, over-discharge, and overheating. These protection mechanisms ensure the safe performance of the battery during everyday use and charging.

Where is eikto located?

We contribute to global low-carbon emissions, and to promote the development of the clean energy. No. 998, Baocheng Road, Eikto Industrial Park. Economic & Technology Development Zone, Xuancheng, City, Anhui Province, China. EIKTO® All Rights Reserved.

Why should you choose eikto cell?

EIKTO's Cell is made according to the highest standard available in the market, the same level as of automobile industry. With our strong know-how, we know what is essential and critical for your application. No matter whether traction or energy storage, EKT product is proven in the market as the name for "reliable and robust."

Lithium-ion marine battery - 51.2V50Ah Lithium battery system for vessels Our Lithium-ion batteries combine outstanding energy density and with highest level of safety, presenting the highest standards for the ship batteries.

Eikto battery Angola

From June 14 to 16, Intersolar Europe was held at the New Munich Trade Fair Centre in Germany. EIKTO Battery participated in the event, showcasing its innovative thick-blade short battery cells and energy storage products. Among ...

From March 15 to 17, Battery Japan officially commenced in Tokyo. EIKTO Battery, as a leading global innovator in advanced lithium batteries, participated in this event and showcased the industry-first "Fourth Generation Battery Module", impressing attendees with its groundbreaking performance and exceptional quality, which garnered significant attention and received praise ...

?? EIKTO Battery Co.,Ltd. ??????????: NO.998 Baocheng????????????????????, ?????? 86--4000880158.

Eikto expert marketing and R& D team has strong commercial and technical knowledge. For various manufacturing clients, we have offered over 5000 forklift battery solutions and over 1000 marine battery solutions.

As the first lithium battery manufacturer in China to obtain CCS certificate, which includes battery cell, PACK and Battery Management Systems (BMS), Eikto's product has been equipped in more than 1,000 vessels in China, holds up to 37% of the full electric vessel market. This valuable experience enables us to continuously optimize our product and improve service.

26 to 27, the 1 st Engineering Machinery Double Carbon Industry Development Forum was grandly inaugurated in Jinan. EIKTO Battery's Vice President, Shuang Zhou, attended the forum and delivered a keynote speech on "Innovation-Driven Lithium Battery Industry Standardization for Emission Reduction". Her presentation focused on introducing EIKTO's pioneering ...

EIKTO lithium batteries are equipped with an intelligent battery management system that monitors the battery status in real-time, such as voltage, current, and temperature and takes action in abnormal situations, such as disconnecting ...
