

Electricity container U S Virgin Islands

How much of the US Virgin Islands' electricity is generated by solar?

In 2020, about 20% of the US Virgin Islands' electricity was generated by renewables. Approximately 80% of this renewable capacity came from customer-installed, small rooftop solar panel systems, while the remaining 20% came from utility-scale solar energy facilities.

What is the average price of electricity on Virgin Island?

The average price of electricity for US Virgin Islands residents was approximately 41 cents per kilowatt-hour in early 2022. This was almost three times higher than the U.S. average power price of 15 cents per kilowatt-hour.

Does St. Thomas have access to electricity?

The St. Thomas electric system, with about 175 megawatts of generating capacity, supplies electricity to St. Thomas, as well as St. John Island and Water Island. St. Thomas and the nearby islands are connected by underwater cables.

Why does the US Virgin Islands import petroleum products?

The US Virgin Islands imports nearly all of its energy needs in the form of petroleum products.

Do you need a solar water heater in the Virgin Islands?

Since 2009, new construction and major renovations in the Virgin Islands have required solar-powered water heaters to provide 70% of a building's heated water needs.

Does the Virgin Islands need a new air pollution permit?

The U.S. Environmental Protection Agency ordered the owners of the US Virgin Islands' refinery to obtain a new air pollution permit before the facility could resume operations on November 2022. The US Virgin Islands' utility is shifting from fuel oil to propane to generate electricity and produce public drinking water.

From its initial start as private/public autonomous and individual producers of electricity, the government owned public electricity supply was established in the 1950's. At that time, the BVI's main source of electricity was produced by one 20 KW generator, which provided six hours of service per day and supplied 63 consumers between Government house and...
