

Gesto was selected to assist the EU's SE4ALL TAF in the evaluation of São Tomé and Príncipe's energy sector and of its institutional and political framework, in order to support the development of the country's energy sector roadmap.

What is thought to be the largest vanadium redox flow battery (VRFB) at a solar farm in Europe has been switched on by Enel Green Power in Mallorca, Spain. The 1.1MW/5.5MWh flow battery has been installed at Enel ...

Vicinity Centres, one of Australia's leading retail property groups, and Enel X, a world leader in onsite battery storage systems and Virtual Power Plant (VPP) platforms[1], have entered into a joint venture agreement to pilot onsite batteries at two of Vicinity's centres. ... The batteries will store excess renewable energy when spot ...

With a battery, excess solar power can be stored for future use--whether that need occurs when the sun isn't shining, when peak demand charges are high, or when the grid is down. Solar-plus-storage is the perfect combination of renewable energy and battery storage, and offers economic and environmental benefits.

São Tomé and Príncipe, a small island nation in the Gulf of Guinea, boasts a vibrant and eclectic music scene that reflects its unique cultural heritage. The islands' music draws heavily from African, Portuguese, and Brazilian influences, creating a distinct rhythmic and melodic sound.
