CASE: DRAWING A LINE AROUND ST. PIERRE AND MIQUELON By Ted L. McDorman* I. INTRODUCTION Saint Pierre and Miquelon are two very small islands. Saint Pierre is ten square miles and Miquelon is 83 square miles. The total population for both islands is 5,800. Those islands are only 15 miles off the mouth of Fortune Bay in Newfoundland.

Saint-Pierre was a site for settlement by the French in the early 17th century, later abandoned under the Treaty of Utrecht, and returned to France in 1763 at the end of the Seven Years War. As well, the islands became a place of refuge for Acadian deportees from Nova Scotia. Saint-Pierre figures frequently in North American British-French relations.
