

Energy Storage Special Report 2019, from the editorial teams behind Energy-Storage.news and PV Tech, brings you no less than seven feature articles and technical papers looking at everything from the policy and regulatory initiatives that still need to happen, to bankability and profitability of ESS, system technologies and architecture, all the way to ...

The Winners Are Set to Be Announced for the Energy Storage Awards! Energy Storage Awards, 21 November 2024, Hilton London Bankside. ... A roundup from a very busy fortnight of UK BESS news, with major project announcements from Field, Cero Generation, Fidra Energy, Sungrow, Green Nation and Low Carbon, as well as ESB and SSE news items from ...

A consortium of development finance institutions led by the Asian Development Bank (ADB) and IPP Gulf Energy have signed a US\$820 million loan agreement for a solar and storage portfolio in Thailand. BYD launches sodium-ion grid-scale BESS product

The German government has opened a public consultation on new frameworks to procure energy resources, including long-duration energy storage (LDES). Under the proposed Kraftwerkssicherheitsgesetz, loosely ...

New Hampshire-based developer Granite Source Power (GSP) co-founder Jessica Shor disclosed to Energy-Storage.news that approximately 80% of the company's 1,250MW sale would be in ERCOT. Bulgaria's 3GWh standalone energy storage tender ...

Energy-Storage.news" publisher Solar Media will host the 1st Energy Storage Summit Asia, 11-12 July 2023 in Singapore. The event will help give clarity on this nascent, yet quickly growing market, bringing together a community of credible independent generators, policymakers, banks, funds, off-takers and technology providers.

In an interview with Energy-Storage.news, analyst Oliver Forsyth from IHS Markit explains exactly how things are changing in system integration. New market entrants are joining, often from the solar inverter or ...

Canada still needs much more storage for net zero to succeed. Energy Storage Canada's 2022 report, Energy Storage: A Key Net Zero Pathway in Canada indicates Canada will need a minimum of 8 to 12GW of energy storage to ensure Canada achieves its 2035 goals. Moreover, while each province's supply structure differs, potential capacity for energy storage ...

Energy-Storage.news reported a while back on the completion of an expansion at continental France's largest battery energy storage system (BESS) project. BESS capacity at the TotalEnergies refinery site in Dunkirk, ...

Energy-Storage.news hears from the CEO of American Energy Storage Innovations (AESI), about its BESS technology, battery cell strategy, manufacturing in East Asia and the "shocking" price of manufacturing in the US and buying US-made cells. VIDEO: Balancing safety and profitability in European BESS asset management ...

Energy-Storage.news hears from the CEO of American Energy Storage Innovations (AESI), about its BESS technology, battery cell strategy, manufacturing in East Asia and the "shocking" price of manufacturing in the US and buying US-made cells. Flow battery player Invinity claims new product can enable "solar baseload" for the grid ...

The energy storage decade has truly begun, BloombergNEF analysts said a couple of months ago. The firm has predicted that there will be investment worth US\$262 billion in making 345GW / 999GWh of new energy storage deployments by 2030, adding up to cumulative installations of 358GW / 1,028GWh.

Clean energy loan and grant activity from the US Department of Energy (DOE) and its Loan Programs Office (LPO) has soared around the election of Donald Trump, analysis by Energy-Storage.news shows, with officials reportedly keen to get deals over the line before the new administration comes in.

The 1500GW target is double what BloombergNEF has forecast is scheduled to be online based on current deployment pipelines, as reported by Energy-Storage.news this week. Energy-Storage.news" publisher Solar Media will host the 1st Energy Storage Summit Australia, on 21-22 May 2024 in Sydney, NSW. Featuring a packed programme of panels ...

In an interview with Energy-Storage.news, analyst Oliver Forsyth from IHS Markit explains exactly how things are changing in system integration. New market entrants are joining, often from the solar inverter or battery cell manufacturer space. This article requires Premium Subscription Basic (FREE) Subscription.

Those goals were set as part of New York State's Climate Leadership and Community Protection Act legislation. As reported by Energy-Storage.news on 22 December, the New York Climate Action Council produced a Scoping Plan to outline how the Act's policy targets, building up to a zero-emissions electricity sector by 2040, could be achieved. ...

Tokyo Gas is also participating in the Japanese utility-scale battery energy storage system (BESS) market, signing a 20-year tolling offtake deal with Australian developer Eku Energy for a forthcoming 30MW/120MWh project. Market to open up in FY2026

However, with the exception of pumped hydro storage, this is a nascent asset class which has presented its own challenges in terms of capital costs, lead in times, lack of track record, revenue certainty and market signals, particularly when we move away from short-duration and look at energy storage in the context of large-scale and long ...

"Bulk" storage solicitations could signal boom in New York . The state also has in place a target of deploying 6GW of energy storage by the end of this decade with an interim 3GW target by 2025. While that is among the US" most ambitious policy targets, regular readers of Energy-Storage.news will be aware that progress to date has been slow.

A total of about US\$7 billion support for domestic electric vehicle (EV) and stationary energy storage battery value chains will be paid out through the law. Energy-Storage.news" publisher Solar Media will host the 5th Energy Storage Summit USA, 28-29 March 2023 in Austin, Texas. Featuring a packed programme of panels, presentations and ...

Also using the Recovery and Resilience facility, the Ministry of Energy of Romania has awarded grants to a handful of energy storage projects. Minister of Energy Sebastian Burduja yesterday (4 November) signed off some EUR30 million of support for five battery energy storage system (BESS) projects totalling 791.48MWh. They are:

Energy-Storage.news" publisher Solar Media will host the eighth annual Energy Storage Summit EU in London, 22-23 February 2023. This year it is moving to a larger venue, bringing together Europe"s leading investors, policymakers, developers, utilities, energy buyers and service providers all in one place. Visit the official site for more info.

The Winners Are Set to Be Announced for the Energy Storage Awards! Energy Storage Awards, 21 November 2024, Hilton London Bankside. Book Your Table. joint venture. ... Energy-Storage.News is part of the Informa Markets Division of Informa PLC. Informa; About Us; Investor Relations; Talent;

Nippon Koei is active in battery storage markets in other countries including the UK. Image: Yuso via Twitter. Financial close has been reached for a 25MW / 100MWh battery energy storage system (BESS) project in Belgium which has also been successful in a grid capacity auction alongside gas-fired power plants.
