As a global energy tech company, carbon neutrality is at the heart of our goals to offer customers products, services and solutions that are increasingly decarbonised. This means for us working in our Research Centers to support the Net Zero target we have set ourselves, also by putting renewable energy at the center of a diversified energy mix and expanding their possibilities of ...

## Eni ventures Bahamas

We produce hydrocarbons and facilitate access to energy. The production of oil and gas in Iraq is possible thanks to the development of the Al-Zubair field, where associated gas is also used to generate electricity. We work with the state company to expand the Permanent Power Generation Plant project, which aims to develop a new line of connection to the national grid, contributing ...

bp today announced that it has agreed to sell its upstream business in Algeria to Eni, including its interests in the gas-producing In Amenas and In Salah concessions. bp holds working interests of 33.15% and 45.89% in the In Salah and In Amenas projects respectively. Both are operated by joint ventures co-owned by bp, Equinor and Sonatrach.
