

Erthos solar Niue

How many solar projects does erthos have?

Including projects totaling 9 MW with two undisclosed developers, this brings the newly announced portfolio of contracted projects to 34 MW. Erthos now has 17 solar plants under contract nationwide, with more new projects to be announced soon.

Why should you choose erthos for your solar project?

Erthos offers a complete solar integration platform with all the capabilities necessary to bring your project to fruition. From instant project estimates to project engineering, technology provisioning, financing, construction, and long-term operations and maintenance, our platform integrates every step of development for an optimized experience.

Who is erthos solar?

The Erthos team has aggregated experience of more than seven gigawatts of deployed solar, including the development, EPC, and financing of several of the world's largest solar power plants. Its executives and management hail from companies including Tesla, Intel, Sterling & Wilson, First Solar, Canadian Solar, SMA, and Solar Frontier.

Who is erthos capital?

Erthos Capital provides developers with repeatable project financing for conforming Earth Mount Solar projects. Having built some of the largest solar plants in the world, our team knows what it takes to build quality assets. We offer ground-breaking O&M services, including our one-of-a-kind ErthBot autonomous cleaning robot.

What is erthos University?

Erthos University provides online and hands-on training for builder-partners, subcontractors, and Erthos employees. Built on a standard 2 MWac block design, Earth Mount Solar is the only truly modular large-scale solar architecture.

How has erthos revolutionized solar deployment?

By eliminating structural steel and going directly to the earth, Erthos has revolutionized solar deployment. With physical simplicity comes ease of development. From initial design through permitting, financing, and construction, Erthos provides a seamless path to building a profitable, repeatable, portfolio. Sign up to receive customized details.

Tempe, AZ, USA, Sept. 05, 2023 (GLOBE NEWSWIRE) -- Erthos, Inc., an energy technology company focused on breakthrough advances for utility-scale solar, today announced 34 MW of new projects under ...
