

Who helped BW ESS and ACL energy develop in Italy?

ACL Energy, based in Milan, was assisted by Eversheds Sutherland, while BW ESS availed itself of Bird & Bird's advice, with technical support from Kiwa Moroni. "Strengthening our partnership with ACL Energy allows us to significantly expand our development activities in Italy.

What does BW ESS stand for?

Having previously agreed upon three Italian projects, BW ESS and ACL Energy are ramping up their joint battery energy storage (BESS) portfolio by 600%.

Which projects have been submitted to the Italian Ministry of energy?

The 111MW project in Lombardia and the 97MW project in Puglia have been submitted to the Italian Ministry of Energy for approval. The 187MW project in Piemonte will be submitted for approval later this year.

How much energy does Italy need?

The 187MW project in Piemonte will be submitted for approval later this year. Terna (the Italian TSO) estimates in the last Adequacy Report for the Italian Electricity System that Italy will need around 27GW of energy storage capacity by 2033 to add a planned 120 GW+ of renewable generation to the Italian grid.

Who are BW ESS & Penso power?

This joint venture marks the entry of BW ESS and Penso Power into the Italian market, which is expected to be one of the most active markets in Europe for battery energy storage.

Who are ACL energy & BW ESS?

ACL Energy, BW ESS and Penso Power will become joint shareholders in three development stage projects totalling 395MW connection capacity, and the partners will jointly fund the development expenditure. The 111MW project in Lombardia and the 97MW project in Puglia have been submitted to the Italian Ministry of Energy for approval.
