The modern, networked world is complex and under constant attack from people with malicious intent, insidious methods and invasive tools. Eltek is a supplier of crucial equipment for critical infrastructure, and has a sharp focus on cyber security.

Since the launch the Flatpack2 family has expanded into a wide selection of power ratings and voltages. The Flatpack2 48V-60V/2000W HE is a cost efficient rectifier for 48V and 60V lead acid battery systems as well as 48V NiCad.

The Outdoor Type 2 Outdoor power cabinet more than accomplishes this with a variety of Thermal Management solutions that will keep sensitive electronics functioning in the most extreme environments ... And as it is all based on the well proven Eltek technology, the Flatpack S family is the key for future needs.
 ...

eltek -- gråterudveien 8 ... outdoor cabinet doc 234748.ds3 - rev10 key featuresreliability 19" equipment space optional thermal insulation dc power, telecom/industrial equipment and battery backup galvanized steel construction (aluminum upon request)

The document provides instructions for commissioning an Eltek rectifier system. It outlines connecting a laptop to the rectifier controller via LAN cable and using PowerSuite software. It then details setting various system parameters like voltage levels, alarms, rectifier settings, load and battery configurations to activate features and properly standardize the rectifier system.

Eltek"s Hybrid power core is based on the Flatpack2 product family, fully integrated into complete and flexible solutions with one single Smartpack2 controller monitoring all energy sources, flow and storage. Request a quote Contact us. Overview. Flatpack2 - Hybrid power core. The Hybrid power core has integrated battery distribution, DC load ...

Outdoor environments: efficient water risk management . ELTEK leak detectors and waterblocks protect outdoor areas like gardens, playgrounds and campsites from any leaks, flooding and damage caused by water utilities. Request information . Leak ...

Eltek Valere"s Smartpack2-based product range utilizes Flatpack2 rectifiers and the Smartpack2 distributed control system as building blocks for implementing effective DC power systems, suitable for a wide range of applications and power ratings. Cabinetized systems are suitable for indoor or outdoor applications. In addition to the power

Integrating state-of-the-art, high efficiency, switch-mode rectifier technology with Eltek"s feature-rich Smartpack2 control and monitoring unit, the high-performance EcoTower system can be configured to use either single-phase Flatpack2 HE or three-phase Powerpack rectifiers. Eltek EcoTower DC Power System Applications . Medium to Large sites

Eltek power systems are based on high efficiency modules and advanced controllers. Eltek expertise lies in power conversion, i.e. the process of converting one type of current, i.e. AC, to another, DC, and in the process adjusting the ...

Find company research, competitor information, contact details & financial data for Eltek Networks OU of Tallinn. Get the latest business insights from Dun & Bradstreet.
