Experience the future of solar charging with the Powerness Pro80 Solar Panel. Beyond its broad compatibility with various power stations, its true prowess lies in the direct USB-A & USB-C charging capabilities. Effortlessly power your essential devices, from smartphones to laptops, ensuring you're always connected, wherever the journey takes you.

The S120 is a very efficient panel, and I've seen 110W output even during a Canadian winter (weak solar energy). The caveat is that I had to measure that output by connecting the S120 to another brand of power station and the LCD screen (which is otherwise great) does not have a power readout for the input.
