

Fiji energy solution group

Who is energy Fiji Limited?

Energy Fiji Limited, previously the Fiji Electricity Authority, was established, incorporated and constituted under the provisions of the Electricity Act of 1966 and began operating from 1 August of that year.

Why do businesses use solar energy in Fiji?

With on-site solar energy generation in Fiji, businesses can generate their own electricity and become less vulnerable to power outages, grid disruptions, and energy supply constraints. Many organisations in Fiji switch to solar energy as part of their commitment to sustainability and reducing their carbon footprint.

Will Fiji be able to source 100 percent of its energy?

Suva, Fiji, October 21, 2020- A landmark agreement between Energy Fiji Limited (EFL) and IFC to deliver the largest solar project of its kind in the Pacific to date has been hailed a transformative step that will take the island nation closer to its goal of sourcing 100 percent of its energy needs from renewable sources.

Why should you choose Ves solar energy in Fiji?

VES employs the most experienced renewable energy experts in Fiji. Our team will recommend a solution to best meet your unique situation. In an effort to modernize the solar energy infrastructure in Fiji, our team has established strong partnerships with the most advanced technology manufacturers worldwide.

Who supports the Fiji solar project?

IFC has been supported by the governments of Australia and New Zealand through the Fiji Partnership and the Danish Government to carry out this solar project in Fiji.

What does IFC do in Fiji?

IFC's work in Fiji is supported by the governments of Australia and New Zealand under the Fiji Partnership to unlock private sector investment, promote sustainable economic growth and boost shared prosperity in Fiji.
