

Why should you choose Ops solutions?

OPES Solutions remains dedicated to integrating solar panels into diverse applications. Each step towards renewable energy represents independence, cost savings, and a healthier planet. We hold a strong belief that solar panels should be accessible to a wide array of applications, everywhere in daily life.

What makes Ops a great supplier?

In particular, we appreciate having a supplier that does not require constant supervision to ensure product quality is maintained. OPES is one of those rare manufacturing success stories where a focus on the customer, patience and a commitment to ongoing improvement pays off.

What is Ops solar mobility?

From 2023 we are enabling vehicles to get more efficient and greener by focusing on the automotive industry with OPES Solar Mobility. OPES Solutions remains dedicated to integrating solar panels into diverse applications. Each step towards renewable energy represents independence, cost savings, and a healthier planet.
