

YADA's fabrication strength is evident in its 100,000m² manufacturing centre, where significant investments have been made, including equipment required for custom-designed products. Facts & Figures Company: YADA GREEN ENERGY SOLUTIONS CO., LTD. Established: 1993 Headquarter: Jiaxing City, China

YADA has obtained "continuous vacuum insulation double-wall pipe production and installation process" and other dozens of double-wall pipe related patents, possesses complete independent ...

YADA and MAN Cryo reached global strategic cooperation agreement based on dual fuel supply system for marine projects, which covers LNG, methanol, ammonia, hydrogen, etc., providing customers with the full life cycle services of basic design, detailed design, analysis & simulation, production design, manufacturing, installation and ...

YADA actively responds to the call of the state, in various fields such as international shipping and ocean engineering, facing the direction of green and low-carbon development, actively layouts related product design and research and development focusing on LNG energy, and actively carries out technology reserve and research and development in hydrogen energy, ammonia ...

YADA has 12 product lines, from seamless steel pipe, welded pipe, pipe fitting, flange to bracket, prefabricated pipe, double-wall pipe, pump tower and module, creating the only fully equipped flexible manufacturing enterprise in China to ensure the quality and quantity of products delivered to customers in various industries.

FULL CHAIN MANUFACTURING, SEIKO QUALITY YADA has 12 product lines, from seamless steel pipe, welded pipe, pipe fitting, flange to bracket, prefabricated pipe, double-wall pipe, pump tower and module, creating the only fully equipped flexible manufacturing enterprise in China to ensure the quality and quantity of products delivered to customers in various industries.

Founded in 1993, YADA has supplied piping systems for more than 2,000 ships in China and abroad, and has been recognized by many industry sectors, including shipbuilding and marine engineering. Swedish company MAN Cryo specializes in solutions for LNG storage and handling, and has provided a broad range of equipment for marine LNG.

YADA Green Energy Solutions Co.,Ltd was founded in 1993, at present it has 150,000 square meters workshop and 12 production lines for welded pipes, seamless pipes, pipe fittings, flanges, prefabricated pipes, heating coils, ...

YADA Green Energy Solutions Co.,Ltd was founded in 1993, at present it has 150,000 square meters workshop and 12 production lines for welded pipes, seamless pipes, pipe fittings, flanges, prefabricated pipes, heating coils, double-wall pipes, pressure vessels, supports, pump towers and skids, with an annual capacity of 60,000 tons.Yada has ...

YADA is one of the first domestic enterprises to provide gas carrier related services, and now has the ability to provide the overall solution service for gas carrier. In the service history of more than ten years, YADA had completed pump towers for large LNG powered ships and won the national first set of award.

YADA can provide customers with different materials including duplex steel, austenitic stainless steel FPSO pipeline products and solutions. In order to achieve the first domestic production and delivery of key products with large-diameter, ultra-thick & high-pressure duplex steel pipes and fittings, YADA took a solid step to replace importing ...

DUAL FUEL SUPPLY SYSTEM SOLUTION. YADA and MAN Cryo reached global strategic cooperation agreement based on dual fuel supply system for marine projects, which covers LNG, methanol, ammonia, hydrogen, etc., providing customers with the full life cycle services of basic design, detailed design, analysis & simulation, production design, manufacturing, installation ...

YADA and MAN Cryo reached global strategic cooperation agreement based on dual fuel supply system for marine projects, which covers LNG, methanol, ammonia, hydrogen, etc., providing ...

UNIT SKIDSOLUTION Experienced LNG skid project management team. YADA skid production line has an annual output of 350 sets of skids, providing one-stop solutions from principle design, detailed design, production design, component manufacturing, pipeline prefabrication and skid integration to installation and commissioning, operation and maintenance services.

YADA was established in 1993, after 30 years of continuous cultivation and exploration, gradually improve

the manufacturing capacity of the whole industry chain from primary manufacturing to ...

ZERO INVENTORY SOLUTION One-stop flexible pipe prefabrication solution provider. YADA factory prefabrication is a construction method that completes the prefabrication of pipes, steel structures and related equipment which need massive welding works in the professional workshop, and only carries out a few butts welding on the construction site.

Yada Green Energy Solutions Co., Ltd. The Leader of Green Ship Pipeline Equipment Integration Solutions . Ship Builders / Engineering. INFORMACIóN GENERAL. Fundado: 1993 : ACTIVIDAD DE NEGOCIOS. skid unit for marine projects ...

With the vision of becoming the leader of green marine pipeline equipment integration solutions, in order to maximize customer benefits, YADA is committed to developing upmarket equipment manufacture industry, focusing on providing integrated solutions for advanced ships, marine engineering and clean energy, as well as cost-effective modular ...

206. Supplied double wall pipe for over 206 ships. 559MM. Maximum double wall pipe diameter exceeds 559mm. 40mpa. The design pressure is greater than 40MPa. 35000m. The cumulative double wall pipe design exceeds 35,000 meters

Part of MAN Energy Solutions and a pioneering expert in the field of storage and handling of LNG and natural gas, MAN Cryo developed the system in cooperation with a Chinese company, Yada Green Energy Solutions, with whom the company has previously cooperated to provid...

The integrated solutions of chemical tanker cover from principle design, optimization design, prefabricated pipeline manufacture (including pre-insulation inside factory), coating, on-board installation, overall inspection submission to entire ship passivation service, YADA provides a strong guarantee for the project quality and on-time delivery.
