Is a solar park in French Guiana ready for green hydrogen production?

French hydrogen technologies developer HDF Energy (EPA: HDF), investment fund Meridiam and petroleum operator SARA have launched construction of a solar park with batteries and 16 MW of electrolyzers for green hydrogen production in French Guiana.

How does ceog fit with French Guiana's energy strategy?

The population of French Guiana is very quickly increasing. Guiana has to face a considerable energy deficit, especially in the west where the demographic growth is booming. By providing several MW of reliable and clean energy, CEOG fits with French Guiana's energy strategy.

How will EDF power French Guiana?

It will be connected to French Guiana's electricity grid through EDF's substation in Saint-Laurent-du-Maroni. The facility will provide reliable and clean electricity to power up to 10,000 French Guiana households. It will meet half of the energy demand in Saint-Laurent-du-Maroni and the Mana commune of French Guiana.

How much daylight does French Guiana have?

French Guiana is situated in northern South America, close to the equator. It, therefore, boasts 12 hours of daylight throughout the year, which will allow the CEOG solar-cum-green hydrogen power project to operate consistently as a baseload facility all year round.

French renewable energy company Volterra has completed the expansion of a renewable energy plant in French Guiana, adding a battery energy storage system (BESS) of 10.6 MWh. The Paris-listed company announced the commissioning of the Sable Blanc solar-plus-storage project yesterday (10 May).

Climate and Average Weather Year Round in French Guiana French Guiana. The climate in French Guiana is hot, oppressive, and mostly cloudy. Over the course of the year, the temperature typically varies from 72°F to 89°F and is rarely below 71°F or above 91°F. Based on the beach/pool score, the best time of year to visit French Guiana for hot-weather activities is ...

Prostar Capital's GTI Fujairah FZC terminal in Fujairah, now powered with solar energy, has become the first terminal in the region to carry out HYBRID-powered terminal operations. GTI Fujairah FZC has set an innovative trend in oil storage industry by successfully completing the safe loading operation of fuel oil vessel through solar hybrid ...

Cultural Melting Pot. French Guiana's history and culture are deeply influenced by a mix of indigenous peoples, African descendants, and European settlers.
