

What is GCL-Poly energy doing in Inner Mongolia?

The Hong Kong-listed firm, formerly known as GCL-Poly Energy, signed a framework agreement with semiconductor display and materials maker TCL Technology. They aim to invest 12 billion yuan (US\$1.9 billion) in a silicon materials plantin Hohhot, the capital of the northern autonomous region of Inner Mongolia.

What is GCL doing in Sichuan & Inner Mongolia?

The poly maker is making significant investment pledges into new production linesin Sichuan and Inner Mongolia. The company is forging ahead with commitments despite its recent cross default. Image: GCL SI

Who are GCL-Poly and Wuxi Shangji?

GCL-Poly and Wuxi Shangji team on 300,000MT granular polysilicon plant JV. Image: GCL-Poly Major polysilicon producerGCL-Poly has entered into an agreement with monocrystalline equipment and wafer producer Wuxi Shangji Automation Co to partner on establishing a 300,000MT Fluidised Bed Reactor (FBR) 'granular' polysilicon plant in Inner Mongolia.

Will GCL buy Leshan polysilicon fab project company Sumin new energy?

GCL-owned Leshan polysilicon fab project company Sumin New Energy will see 86.67% of its ownership pass to the fund for a nominal RMB1 (US\$0.15) as part of the arrangement. The fund will,in return,raise its contribution to Sumin New Energy's registered capital from RMB1.3 billion to RMB1.9 billion.

Is China's largest producer of raw materials for solar panels making polysilicon?

GCL Technology, one of China's largest producers of raw materials for solar panels, is planning to broaden its business by making polysilicon for applications in electronic and solar-energy industries.

Should solar-grade polysilicon be combined with electronic-grade polysilicon?

It is common practice for newly expanded solar-grade polysilicon to be combined with electronic grade polysilicon, usually in a 10-to-one proportion, said Dennis Ip, regional head of utilities research at Daiwa. Chinese solar-panel maker plans to diversify into the production of higher purity polysilicon for the electronics industry.

GCL Energy Technology GCL Energy Technology is a company incorporated in the PRC with its shares listed on the Small and Medium Enterprise Board of the Shenzhen Stock Exchange (stock code: 002015). To the best knowledge of the Company, GCL Energy Technology is indirectly owned (i) as to approximately

(Formerly known as "GCL-Poly Energy Holdings Limited") CONTENTS OVERVIEW AND ANALYSIS Five-Year Financial Summary 2 Performance Highlights 3 Other Financial Analysis 4 ... On April 2, Inner Mongolia Xinyuan Silicon Material Technology Co., Ltd. (???????????) was incorporated in ...

GCL (Group) Holdings Co., Ltd. (hereinafter referred to as "GCL Group") is a green and low-carbon technology enterprise guided by the goals of carbon peak and carbon neutrality, with various forms of new energy, clean energy and renewable energy as its main body.
