Geli energy Monaco

What is Geli Energy Management System (EMS)?

Introducing our end-to-endGeli Energy Management System (EMS) to accelerate the time to automate and manage energy storage solutions for C&I,community solar and utility applications. Discover Qcells' streamlined monitoring software for solar and battery storage systems,providing you with useful system insights.

Who is growing Energy Labs (Geli)?

Credit: Photo by ThisisEngineering RAEng on Unsplash. Q Cells has signed an agreement to acquire the entirety of US-based energy storage solutions providerGrowing Energy Labs (Geli). A Q Cells spokesperson said this acquisition is its first move in the US market,after selling integrated storage solutions in Europe and Australia.

Who owns Geli solar?

GELI's new owner since the end of 2020 is vertically-integrated solar PV company Q CELLS. Image: Q CELLS via Facebook. Battery storage systems can deliver multiple services and provide customers and sites with backup power,but their value in doing so remains largely dependent on "highly sophisticated" software.

Is Geli a pure-play software company?

California-headquartered GELI was notable in the industry for being one of the few pure-play software companies in the energy storage space,focusing on the commercial and industrial (C&I) market.

Will Q Cells buy Geli?

Q CELLS already sells total renewable energy solutions to residential customers in Germany, while buying GELI's expertise and its end-to-end software platform for the design and installation of energy storage systems could allow it to take on opportunities for US businesses.

Why is Geli joining Q Cells?

Q Cells CEO Hee Cheul Kim said: "There is increasing demand in the energy storage space for comprehensive energy solutions. We are excited to welcome the Geli team and work together to strengthen our competitiveness in the global distributed energy market.
