Solar generators these days use lithium-ion batteries. There are two types: Li-ion NMC and LiFePO4 or lithium iron phosphate. Li-ion NMC batteries are lighter and cheaper. So solar generators using these types of batteries have easier portability. They are great for camping and outdoors. LiFePO4 batteries are heavier but they last much longer.

The Jackery Solar Generator 3000 Pro or Jackery Solar Generator 2000 Plus are considered to be the best solar generator for home backup that can charge most household or outdoor appliances. However, if you're looking for an ideal power solution for camping or vanlife, you can go ahead with our portable Jackery Solar Generator 300 Plus or ...
