Did General Electric buy Alstom Power?

General Electric (NYSE:GE) on Monday announced the completion of its \$10.6 billion acquisition of Alstom Power, which joins GE Power & Water to form GE Power.

Will GE Power & Water merge with Alstom Power?

The firm has announced that, following the completion of the acquisition, GE Power & Water will combine with Alstom Power to form GE Power. Integration of Alstom power unit's technology and geography and GE's power generation technologies, services and specialisation is expected to boost the global energy utility sector.

Who is Alstom & GE Power?

Alstom has also successfully delivered India's first 800-kV High Voltage Direct Current (HVDC) power transformer for the Champa-Kurukshetra project. GE Power's six businesses and leadership are as follows: Water & Process Technologies, headquartered in Trevose, Pennsylvania and led by Heiner Markhoff.

Why did Alstom join Africa's hydropower market?

This contract further reinforces Alstom's leading position in Africa's hydropower market thanks to our advanced technology and long standing expertise in hydro power and we are honored to be able to contribute to Africa's power development plan, said Jacques Hardelay, Hydro Senior Vice President in Alstom's Renewable Energies.

Who is Alstom hydro power?

Alstom is the world leading supplier of hydro power generation equipment and systems, with more than 25% of the global hydropower installed capacity. Leading the way in hydro innovation, Alstom technology is central to many record-breaking hydropower plants in the world, including the world's five highest capacity hydro installations in operation.

How will Alstom Power and grid acquisition impact GE's transformation?

"The completion of the Alstom power and grid acquisition is another significant step in GE's transformation," said Jeff Immelt, GE chairman and CEO. "The complementary technology, global capability, installed base and talent of Alstom will further our core industrial growth."

GDF SUEZ Energy North America has awarded Alstom a long-term service contract to give its power plant fleet new flexibility. Under the terms of this 360 million (\$480M) contract signed on June 28, Alstom will provide comprehensive maintenance services and gas turbine upgrade packages for four GDF SUEZ natural gas-fired power stations.
