Who is GreenGo energy Germany?

GreenGo Energy Germany GmbH, the German arm of the Danish GreenGo Energy Group, has expanded its management team with the addition of two experienced professionals. Claas Oltmann and Dr. Philipp Schmagold, both with extensive backgrounds in renewable energy, join the company to lead efforts to develop large-scale, subsidy-free energy parks.

How many GW projects does GreenGo energy have?

GreenGo Energy has more than 27 GW projects in development or construction within solar, wind, BESS and PtX, through our Megaton(TM) Energy Park pipeline. Tier-1 investors from the global renewable energy sector.

How much green energy will Copenhagen generate?

Once operational, the park will have an annual production of 75.5 GWh, which is equivalent to green electricity for +18,800 Danish households. It will also help save about 8,800 tons of CO₂ annually from the Danish energy production.
