Who is Guernsey Gas Light Company Limited?

The Guernsey Gas Light Company Limited was formed. Gas was used in local homes, proving to be a safe and cost-effective fuel for heating, cooking and hot water. All local gas was generated from coal at production plants in St Peter Port. It was decided to manufacture mains gas from Liquefied Petroleum Gas (LPG) Butane and Propane.

Does Guernsey Electricity charge a monthly charge?

Where Guernsey Electricity is required to provide a standby electricity service for 'behind the meter' non-renewable energy installations (including CHP) with generation capacity in excess of 25kW, a monthly charge will be applied. For every kW of installed capacity, we charge the standby rate.

What is the maximum resale price for electricity in Guernsey?

Guernsey Electricity Limited, in accordance with section 23 (2) (b) of the Electricity (Guernsey) Law 2001, hereby gives notice that the maximum resale price at which electricity can be resold by persons to whom it is supplied is *25 pence per unit. What Is A Tariff? Put simply, a tariff calculates your bill.
