

Guernsey rezolv energy

Who is rezolv energy?

Rezolv is a highly experienced, independent renewable energy producer. 2024 Rezolv Energy. All rights reserved Rezolv is a highly experienced, independent renewable energy producer building a multi-gigawatt portfolio including wind, solar and battery storage that delivers clean energy across Central and South Eastern Europe.

What is rezolv & how does it work?

Rezolv aims to build a multi-gigawatt portfolio of wind, solar and energy storage. This will help companies and countries across the region meet their energy needs in response to energy security challenges and climate policies. It will take renewable energy projects from late-stage development through construction and into long-term operation.

What is Actis rezolv energy?

In July 2022, Actis announced the launch of Rezolv Energy, an independent clean energy power producer, established to build a new era of sustainable power in Central and South Eastern Europe.

Who will benefit from rezolv?

This will include supermarkets, breweries, telecoms and other large businesses. Rezolv aims to build a multi-gigawatt portfolio of wind, solar and energy storage. This will help companies and countries across the region meet their energy needs in response to energy security challenges and climate policies.

What makes rezolv energy unique?

We already have over 2GW of clean energy being prepared for construction across across four sites in Romania and Bulgaria, and a strong pipeline of projects in development across several countries. At Rezolv Energy our values are the essence of our identity, guiding our actions and driving our commitment to a clean energy future.

Does rezolv energy have a 'St George' solar park?

Rezolv Energy, an independent power producer backed by Actis, has secured up to EUR90 million in debt financing from the International Finance Corporation (IFC) and Raiffeisen Bank International to support the construction of the 'St. George' solar park in north-eastern Bulgaria.

Ardagh Glass Packaging-Europe (AGP-Europe), an operating business of Ardagh Group, announced today that it has entered a long-term Virtual Power Purchase Agreement (VPPA) with Rezolv Energy's St. George solar photovoltaic (PV) project in Bulgaria, securing renewable electricity for its glass manufacturing operations across Europe from April ...
