

Guernsey sws power solutions

Will Guernsey Electricity invest in a new power station?

It allows Guernsey Electricity to invest in new diesel generators for the power station and investigate a new cable from France to Guernsey. Mr Roffey warned that unless the States made a decision on the future location for Guernsey's inert waste, there would not be space on the reclaimed land at Longue Hougue for a new power station.

Will Guernsey move power station from the bridge to Longue Hougue?

Guernsey Electricity (GEL) said it was open to moving the power station from The Bridge to Longue Hougue. The move was suggested by the island's Chief Minister, Deputy Peter Ferbrache, during a debate on the States electricity strategy. GEL's CEO, Alan Bates, said moving part of the power station to Longue Hougue formed part of its plans.

Is E&I planning a small windfarm off Guernsey?

Paul Fletcher, from renewable energy company Renew Guernsey, is also concerned about the direction chosen by E&I. He said the E&I proposals for a small windfarm off Guernsey would be very expensive, and in his opinion "not a good idea".

As a powerful technology partner with a group of experts from different areas of logistics, we drive sustainable ecological development and offer 100% environmentally friendly solutions for refrigerated transport.
