

Why did Guinea restrict bauxite exports?

Under then-President Alpha Condé, Guinea's government gave a permit to SMB in 2015. Around the same time, Indonesia and Malaysia were restricting their own bauxite exports because of concerns over, respectively, foreign exploitation of resources and environmental degradation.

Did mining companies buy land in Guinea?

The Guinean government has reported that hundreds of square miles once used for farming have been acquired by mining companies for their operations and associated roads, railways and ports. Villagers have received little or no compensation, rights activists and locals say.

When did SMB ship bauxite from Guinea?

SMB shipped its first ton of bauxite from Guinea within six months, even before the Environment Ministry had concluded its impact assessments, rights activists said.

Is bauxite mined in Guinea?

The aluminum supply chain for American automakers, including Ford, General Motors and Tesla, includes bauxite mined by both of the major producers in Guinea, according to a 2021 report by Human Rights Watch and Inclusive Development International, a U.S.-based advocacy group that aims to defend communities threatened by corporate development.

Could Guinea's Kissidougou area be a lithium mine?

Previously best known for its diamonds, Guinea's Kissidougou area near the border with Sierra Leone has shown enough potential to convince one company to explore for lithium there. On 20 April, Global Mining Ressources filed an application for a permit to assess the lithium potential of the area.

Who is Guinea's biggest bauxite producer?

SMB quickly overtook the Compagnie des Bauxites de Guinée -- a 50-year-old multinational jointly owned by the Guinean government and private companies, including the American firm Alcoa and the Anglo-Australian firm Rio Tinto -- to become Guinea's biggest bauxite producer.

Get the Xeno XL-050F-AX battery with high performance and long-term applications. Shop for the specialized 3.6V Lithium Thionyl Chloride batteries at Ubuy Guinea. Domestic shipping only.

Fin 2022, la capacité de stockage des batteries résidentielles en Europe atteignait 9,3 GWh selon l'association SolarPower. Avec la montée en puissance du photovoltaïque, le stockage connaît, lui aussi, un essor sans précédent chez les particuliers. Mais investir dans une batterie domestique est-il réellement une bonne opération ?

Guinea domestic batteries

The Guinea pig or Domestic guinea pig (*Cavia porcellus*) is a species of rodent belonging to the genus *Cavia* in the family Caviidae. Eeders tend to use the word cavy to describe the animal, while in scientific and laboratory contexts, it is far more commonly referred to by the common name guinea pig. Spite their common name, guinea pigs are not native to Guinea, nor are ...
