

What services does Hanergy offer?

For medium and large solar projects Hanergy with its partners provides all services needed, from finance/business modelling to final installation and maintenance. Building Integrated PV can bring you attractive green buildings by integrating solar power solutions in flat and slanted roof-tops, windows, facades, curtain walls and ceilings.

What does Hanergy do?

Hanergy provides a wide range of more cost-effective and convenient solar power application products with maximum mobility and flexibility for all daily life purposes. This form collects your name, email and content so that we can keep track of the comment placed on the website.

How can PRL group lead Christmas Island towards a sustainable future?

Our ambition is to help lead Christmas Island towards a sustainable future based on renewable energy. PRL Group have committed towards rooftop solar for all its owned properties on the island, and the design and development of a large-scale solar energy system for Christmas Island.

Hanergy Holding Group Limited, the world's leading thin-film solar company, today announced that it has completed the acquisition of Alta Devices, whose thin film solar technology has a conversion efficiency of 30.8 percent, the highest among the solar energy technologies currently available in the world. Both companies' R&D teams will join forces to ...

The Chinese multinational renewable energy company Hanergy has recently launched Humbrella, a thin-film solar-powered umbrella to create a clean, free, consistent and mobile energy solution, especially for energy-scarce areas of the world.. Weighing just 8.8 kg and with a diameter of 2.7 meters, Humbrella is covered in thin-film solar panels capable of ...

Together with Hanergy, we plan to install innovative solar technology in our electric cars that will extend their range and is also sustainable," stated Audi board member for procurement Bernd Martens. At a later stage, solar energy could directly charge the traction battery of Audi electric vehicles. "That would be a milestone along the way to ...

Chinese thin-film manufacturer Hanergy and iconic British sports car maker Aston Martin are working on a joint R&D initiative looking at the use of solar in performance vehicles.

New HanTile(TM) Solar Roof Tile. ... Reliable high yielding Hanergy solar cells ensure high efficiency energy production and cost savings. Save Money For A Long Time. HanTiles(TM) are built to last, go through rigid quality assurance and backed by ...

As the largest thin-film solar company in the world, Hanergy invests to and constructs large ground-mounted solar power stations in various areas in Europe, such as our 2 MW Solel Achaia project in Greece. In this way, the land will be turned into high-value ground-mounted solar power stations, providing more green energy.

Change the world with thin film solar. Hanergy Thin Film Power America was established as a Hanergy subsidiary in 2010 based in the San Francisco Bay Area. Hanergy America provides turn-key development of solar projects and sells solar products manufactured by other Hanergy subsidiaries for: Commercial, industrial and agricultural buildings ...

Within the scope of the PV industry - and when comparing to the upstream strategies of First Solar's thin-film and c-Si peers - that's one of the key takeaways from First Solar's ...

GREENERGY Holdings Inc. on Thursday said it signed an international distributorship agreement with Hanergy Thin Film Power Asia Pacific Ltd. to sell solar power-related products in the Philippines.

Hanergy America Solar Solutions sells solar modules and applications products, and develops solar projects throughout the Americas. Using state of the art proprietary photovoltaic modules, we generate clean, high quality energy, offering our customers the ability to start benefiting from clean renewable energy without any upfront cost. ...
