Who are the biggest solar companies in Africa & Asia?

By Annie Njanja One of the largest solar companies in Africa and Asia, Sun King, has raised \$260 million in series D funding to deliver off-grid energy technologies to more people across the two continents.

Does Sun King have a pay-as-you-go system?

Sun King (formerly Greenlight Planet) plans to use \$100 million to expand its pay-as-you-go solutions and introduce larger setups that are capable of powering appliances like refrigerators. Its current systems can power lights, mobile phones and small home appliances like TVs. Part of the funding will be used to expand the business' presence.

Is Sun King a global off-grid solar company?

It also has a presence in Zambia, Uganda, Tanzania and Nigeria, where it says its customers tripled over the last one year. "This investment in Sun King marks an incredible inflection point for the global off-grid solar industry," said Walsh.

Who is funding Sun King?

The latest funding round was led by BeyondNetZero, the climate investing venture of General Atlantic, with participation from M&G Investments' Catalyst and Arch Emerging Markets Partners. Sun King has previously raised \$170 million in equity and debt funding.

Most off-grid solar companies were built with impact capital. The latest example: Swedish government-backed Beyond the Grid Fund for Africa invested \$2.5 million in Oolu to expand home solar sales in Burkina Faso. ...

Fonroche Lighting has been working to bring solar lighting to towns and cities in Burkina Faso since October 2017. Hundreds of off-grid lights have already been installed, allowing people to stay safe day and night throughout the year - and the local residents are delighted. Fonroche solar lighting a clear choice

Greenlight Planet's solar systems will first become available for Orange's eight million customers in Burkina Faso from November 2019. The partnership involves both companies deploying Greenlight Planet's Sun King range of off-grid energy systems available to the hardest-to-reach regions in the country, especially to the households who live off-the-grid.

While many businesses wrestle with unreliable power, LAPO MFI opted for Sun King solar inverters. This choice has significantly enhanced their operational stability and efficiency. Join us on a journey to Ogoja, a town nestled in Cross Rivers state, where we ...
