# Hpe smart storage energy pack Colombia

The HP Smart Storage Administrator (HP SSA) is a web-based application that helps you configure, manage, diagnose, and monitor HP ProLiant Smart Array Controllers and now other storage devices as well, such as host bus adapters (HBAs), HP Storage controllers, and future devices such as SCSI Express drives, and SAS switch devices. HP SSA replaces ...

NOTE: System ROM and firmware messages might display "energy pack" in place of "Smart Storage Battery." Energy pack refers to both HPE Smart Storage batteries and HPE Smart Storage Hybrid capacitors. Prerequisites. Before you perform this procedure, make sure that you have the following items available:

1??Energy Pack??Energy Pack??(FBWC)????????????Energy Pack????????????

Ensure that the energy pack is fully charged. An HPE Smart Storage Battery may take up to 120 minutes in a powered compute module or frame to charge enough to support the number of battery-backed devices installed. An HPE Smart Storage Hybrid Capacitor takes only 5 minutes to charge. If the charge level is insufficient to support the battery-backed devices installed in the ...
