Is Siemens Energy a solution to Iraq's power woes?

It's a time when frustration can simmer on par with an increase in temperature levels - often hitting a scorching 50 degrees Celsius in Iraq's central and southern parts, igniting public dissent. Siemens Energy's vision for the electrification of Iraq though seems to have an answer to the country's power woes.

Can GE make decarbonization a reality for Iraq?

The plan proposes a strategic mix of customized technology and solutions that supports decarbonization across the energy landscape unique to Iraq. From world-record-holding high-efficiency gas turbines to upgrade solutions to fast and flexible aeroderivatives, GE's team of global and local experts can make decarbonization a reality for Iraq.

What is GE's Energy Transition Plan for Iraq?

Baghdad, Iraq; June 28, 2021: GE has announced a comprehensive "Energy Transition Plan" for Iraq, presenting its transformative strategies to support the country's evolution to a cleaner energy future.
